October 2011

Dear Brothers & Sisters:

Each year, the International Union of Operating Engineers, Local 955 asks our members to support the United Way of the Alberta Capital Region. We do this because of the confidence we have in United Way's ability to make a real and lasting difference in our community. United Way's research, expert staff and experienced volunteers ensure donor dollars are invested where they will have the greatest impact, improving lives and strengthening our community as a whole.

As in previous years, we believe that the only effective way to find solutions to problems in our community is by working together. The United Way of the Alberta Capital Region is the only organization that provides core operating support to agencies, partnerships and initiatives that deliver vital social services to thousands of people throughout our community.

The economy is showing signs of recovery, especially in Alberta. However, thousands of people who need help depend on the community services supported by United Way. These vital services help children and youth at risk, the disabled, the elderly, troubled families and people who face unexpected problems or require professional help to meet basic human needs.

This year, please give serious consideration to the United Way campaign and make a donation. United Way is the best opportunity we have to provide immediate resources to those in need by investing in the initiatives that keep our community strong and healthy.

**PLEASE SUPPORT UNITED WAY
PEOPLE UNITED IN BUILDING CARING, VIBRANT COMMUNITIES**

In solidarity,

Bruce Moffatt
Business Manager / Financial Secretary
